- Bayside room and board
- Sailing on Duxbury Bay

Duxbury Music Festival, for advanced high school, undergraduate and post-graduate students (18+ years), as well as adult professionals, features a renowned faculty, many performing opportunities and an ideal location, 35 miles south of Boston, in the historic and picturesque seaside community of Duxbury. A three-and-a-half mile-long borders the pristine bay for boating, swimming and fishing. **This year students and faculty arrive on July 12.**

Following breakfast in the retreat center where non-commuting students reside, each day begins with either a private lesson, chamber coaching or ensemble rehearsal, and often ends with a student recital. Faculty concerts feature solo and chamber performances. The Overture concert (Sunday, July 16) will be a collaborative recital between DMF faculty and students.

The fee of \$3,100 includes tuition, room, board and non-refundable application fee. Limited tuition assistance is available if application is postmarked by April 30, 2017. The Winners Concert, featuring solo, concerto and chamber competition winners, completes the two weeks of intensive music study and performance. Winners receive tuition scholarships for the next year's Festival. Detailed information on the Festival, including application and audition procedures, are available at: www.duxburymusicfestival.org.
